Well what a busy term this has started out to be! We had a working bee on Sunday and achieved a great deal. The day was spent cleaning along the front fence line of the school. Even though it was a hot day we still managed to clear the area underneath the pine trees of years of pine needles and tree litter. A big thank you to the following people for coming along yesterday and putting in a huge effort: Farr family, Hardie family, Gatt family and the Mortensen family. Without the support of these wonderful people little would have been achieved. I would also like to thank Mr Peter Cashman for loaning the school his bobcat for the day. It made moving tonnes of green waste so much easier.

I would like to extend and open invitation to everybody in our school community to this Tuesday’s first P&C meeting for the year. If you are interested in taking on a role in the P&C or just want to show your support for the school please come along. If you are new to the school this meeting is also a great way to meet other parents and learn more about the great things our P&C can do.

Kind regards

Shane Randall

CLASS NEWS

P1

Our class has settled into the year extremely well, particularly our new Kindy students. We have spent some of our week reviewing the school expectations and there has been lots of assessments taking place. P1 have been very busy with reading, writing and developing new number skills. We have also been learning about Minibeasts in science with Ms Beck. Everybody has loved getting back into dance with Mrs Orrick and the team from Kidansys.

Tuesday and Thursday - snacks and ice blocks on sale at lunch time.
This has been our first full week at school for 2014 and what a full week we had. P2 have settled back very well the class achieved a 99% Dojo total.
In English we have been examining the visuals as a text form. The class have been investigating and analysing the silent film “The Kid” starring Charlie Chaplin. It’s amazing in the modern age of mass production and special effects movies that the class have been so engaged in this task.
The class have been challenging themselves with speed time tables. Year 3 and 4 are working on 2x and 3x. Year 5 and 6 are working on 3x, 6x and 9x.

YOUR HELP IS WANTED!!!!
We need a baby photo of your child.
If possible, please email photos to me at the school email address for a baby match up task we are going to work on.
